

**RANGER ENERGY SERVICES, INC.**  
**SUPPLEMENTAL NON-GAAP FINANCIAL MEASURES**  
**(UNAUDITED)**

**Note Regarding Non-GAAP Financial Measure**

The Company utilizes certain non-GAAP financial measures that management believes to be insightful in understanding the Company's financial results. These financial measures, which include Adjusted EBITDA and Free Cash Flow, should not be construed as being more important than, or as an alternative for, comparable U.S. GAAP financial measures. Detailed reconciliations of these non-GAAP financial measures to comparable U.S. GAAP financial measures have been included below and are available in the Investor Relations sections of our website at [www.rangerenergy.com](http://www.rangerenergy.com). Our presentation of Adjusted EBITDA and Free Cash Flow should not be construed as an indication that our results will be unaffected by the items excluded from the reconciliations. Our computations of these non-GAAP financial measures may not be identical to other similarly titled measures of other companies.

**Adjusted EBITDA**

We believe Adjusted EBITDA is a useful performance measure because it allows for an effective evaluation of our operating performance when compared to our peers, without regard to our financing methods or capital structure. We exclude the items listed below from net income or loss in arriving at Adjusted EBITDA because these amounts can vary substantially within our industry depending upon accounting methods, book values of assets, capital structures and the method by which the assets were acquired. Certain items excluded from Adjusted EBITDA are significant components in understanding and assessing a company's financial performance, such as a company's cost of capital and tax structure, as well as the historic costs of depreciable assets, none of which are reflected in Adjusted EBITDA.

We define Adjusted EBITDA as net income or loss before net interest expense, income tax expense, depreciation and amortization, equity-based compensation, acquisition-related costs, severance and reorganization costs, gain on sale of assets, significant and unusual legal fees and settlements, impairment of assets, employee retention credit, inventory adjustment, and certain other non-cash and certain other items that we do not view as indicative of our ongoing performance.

The following tables are a reconciliation of net income or loss to Adjusted EBITDA for the respective periods, in millions:
